SPLIT IN PARTY WILL RESULT IN TWO PLATFORMS

Majority of Farmer-Labor Party Balk on New Group

(By The Associated Press)
CHICAGO, July 6.—The Federated Farmer-Labor party and the Farmer-Labor Party of the United States, with individual platforms and candidates, are announced as entries in the 1924 political field.
The majority of the Farmer-Labor Party today refused to affiliate with the Federated organization, a group born in the Farmer-Labor convention and decided upon a platform and ticket of its own. A minority went over to the Federated party, splitting the Farmer-Labor organization.
The national executive committee of the Federated party accepted five of the bolting Farmer-Laborites as members of its executive committee and proceeded to the selection of an executive council and an intensive program of activity. Headquarters of the Federated party probably will be here. C. E. Ruthenberg of Cleveland convicted in Michigan of communistic tendencies and a leader in the new party announced.
The Farmer-Labor convention was adjourned after a day of oratory over a motion of M. Toscani Bennett, member of the party national executive committee which would have placed five of its members on the federated groups executive committee with reservations.
After its defeat Bennett said he would abide by the decision but the minority faction filed out.
Non-participation by the Farmer-Labor Party with the Federated organization which Bennett characterized as "threatening the suicide of the Farmer-Labor Party" was not shared by the solid Illinois unit, which is credited by its speakers with having established a clean break with the extreme radicals; is unshackled of a possible Red menace and is on its feet stronger than ever in the pursuit of independent political satisfaction.

Step Had to be Taken
The break with the radical element in the workers' party instrument in the framing of the federated party's platform was a step that ultimately had to be taken said Buck and now that it has been taken, the Farmer-Labor Party stands unfettered, more encouraged than any time since 1920 and is ready to start its mission.
"The workers party packed the convention, steamed rolled the conference and stole our name," Buck declared, "but we are the stronger for it."

The repudiation of the Federated party came shortly after the reading of a communication from President Brophy of District No. 2, United Mine Workers of Pennsylvania which said his organization could not deal with the Federated party, "because it has a philosophy contrary to the principles we are fighting for."

Chester Platt, secretary of the Wisconsin Non-Partisan League again said:

"Now that you have cleaned the Reds out of the Farmer-Labor Party there is an organization with which we can affiliate."

"How much strength the Farmer-Labor Party lost in its membership by the minority bolt could not be definitely learned, altho John C. Kennedy, secretary of the Washington state Farmer-Labor branch, claimed 500 units in his state, Ohio, Minnesota, Kentucky, Wisconsin, Montana, Idaho and California had bolted.

The claim was denied by Jay G. Brown, national secretary. The five former Farmer-Labor delegates elected to the federated executive committee are C. J. Stevens of Kentucky, Mrs. Mary G. Bright, Cincinnati, John C. Kennedy, Washington State, Richard Swift, Illinois; J. M. Rasmiller, Wisconsin.

FORMER EDITOR IS FOUND GUILTY

CHICAGO, July 6.—Arthur Lorenz, former editor of the Staats Zeitung, a German language newspaper was found guilty of criminal libel against the American Legion by a jury after only 30 minutes deliberation today. Lorenz was indicted in connection with the publication in the newspaper of an editorial referring to the legion members in derogatory terms. A motion for a new trial will be heard July 24.

MANY IMMIGRANTS ENTERED COUNTRY

New York, July 6.—Twelve thousand and twenty-five immigrants passed thru Ellis Island since the new immigration quotas went into effect Sunday, Commissioner Curran announced today. He said conditions at the island are again normal.

SEVERAL HURDLES MUST BE JUMPED IN NEGOTIATIONS

Statement Was Made by American Delegate Friday

(By The Associated Press)
MEXICO CITY, July 6.—Several hurdles still remain to be passed before the "views" of the United States and Mexican governments can be placed into the minutes of the conference of American and Mexican representatives discussing questions involved in the recognition of Mexico, Charles B. Warren, one of the American delegates said before entering what was considered an important session today. These preliminary hurdles, he said, must be surmounted before the "views" of the two governments can be considered as finally presented.

The deluge of stories in the Mexico City newspapers announcing that the conference has virtually completed its work and that success is assured has been interpreted as a direct manifestation of the determination of the Mexican government to meet satisfactorily the views of the United States on adequate protection to United States petroleum and Agrarian rights in this country.

Should the minutes of the conference in which are to be entered the Mexican governments interpretation of its petroleum and Agrarian laws and an expression of Mexico's intention to observe these interpretations in good faith fail to include assurances for which the American commission is contending the United States will make particular reservations concerning the American rights thus left unsecured.

It was learned today that completion of the minutes will not be delayed beyond the middle of next week, altho it is almost certain that full details of the understanding then reached will not be made public until after the American commission reports to Washington.

CORSETS; NO BOBBED HAIR; ROLL UP HOSE, IS HOSPITAL EDICT

Miss Alice Robertson Gives Flappers Some Advice

(By The Associated Press)
MUSKOGEE, Okla., July 6.—Office girls employed at the Federal Soldiers' hospital here must go back to corsets, quit bobbing their hair, roll up their hose and adopt high neck dresses, according to the ultimatum laid down by Miss Alice Robertson, former congresswoman, now wife of a rancher at the institution.

"There has been too much laughing and talking down the halls with the patients," Miss Alice said, "give the boys a reason for their money, the girl a man admires most is one whom he must fight for."

"The women who flagrantly display her charms soon will be a back number. They are only toys with which men play and then cast aside."
"Look up your diamonds when you are on duty. A display of wealth by a \$100 a month clerk will soon lead to comment by the public. I have been constantly in the association of men and have never once heard an insulting remark in my presence. I never gave anyone the occasion."

"Go back to corsets, girls, tend to business, wear decent clothes and don't try to hark back to days of Adam and Eve."

SIXTH VICTIM OF WRECK DEAD

(By The Associated Press)
ROCKFORD, Ill., July 6.—John O. Houck, 23, San Francisco, died tonight in a hospital here, sixth death in a freight wreck on the Chicago, Milwaukee & St. Paul railroad at Fairdale Thursday night. A seventh death is expected.

E. R. Hood, 26, Magna, Utah, suffering from a fractured skull and amputated leg, is not expected to live. Eight others in hospitals here will recover. An unidentified man died early this morning.

FRENCH AND ENGLISH TALK ON REPARATIONS

London, July 6. (By A. P.)—Count De Saint-Aulard, the French ambassador had another conversation with foreign secretary Curzon this afternoon on the subject of reparation. He presented no written communication, but gave full oral replies to the points on which Lord Curzon required elucidation. The conversation lasted an hour.

ELECTRICAL STORM CAUSES MANY FIRES

Chicago, July 6.—Fifteen fires were caused in ten minutes here late today when an electrical storm struck the city flooding streets, impairing telephone and electrical service, flooding basements and doing thousands of dollars damage to property. The temperature dropped 11 degrees during less than half an hour that the storm lasted.

TWELVE HOUR DAY MAY BE ABOLISHED IN STEEL INDUSTRY

Elbert H. Gary Says Merely Matter of Getting Labor

(By The Associated Press)
NEW YORK, July 6.—Influx into northern industrial centers of negroes from the south and laborers from Mexico, the Philippines, Canada and a few European countries soon will make possible abolishment of the twelve hour day in the steel industry, Elbert H. Gary, chairman of the board of the United States Steel Corporation announced today.

Mr. Gary declared he could not say when his corporation or any other company would get rid of the 12-hour day entirely, but asserted he could publicly state that they would commence to act in that direction very soon and would be very diligent in their efforts.

His announcement followed action of President Harding making public yesterday before sailing from Tacoma for Alaska, of correspondence between the president and directors of the American Iron & Steel Institute, in which they pledged themselves to abolish the long day when sufficient labor supply was assured. He estimated that the change would require sixty thousand additional laborers and would increase the cost of finished steel products by 15 per cent.

Mr. Gary predicted that good progress towards abolishment of the 12-hour day would soon result and that success would be reached in a comparatively short time provided that the increase in the number of available workmen which is now apparent continued to be present.

The decision of the leader to do away with the long day, Mr. Gary said, was made in recognition of the public sentiment in favor of such a step and in recognition of the president's attitude. He pointed out, however, that he also had always been opposed to the 12-hour day and that its retention had been dictated by circumstances.

GOLDFIELD SWEEP BY DISASTROUS FIRE

(By The Associated Press)

RENO, Nev., July 6.—Goldfield, "boom gold mining camp" established in 1904, was swept by fire today. Reports from Tonopah, 30 miles from the burned town were that a 3 o'clock fire started the flames, after doing damage estimated at \$500,000 were burning themselves out.

Nine city blocks in the heart of the town were burned out by flames fanned by a wind of 40 miles velocity. Telephone and telegraph wires were severed by the blaze soon after the fire started at 4:45 o'clock this morning and all word since then has been received by courier.

The fire it is reported was caused by the explosion of an illicit still.

BABY BOY DROWNS IN FLOOD WATERS

ROCKFORD, Ill., July 6.—Robert Wittbecker, one and one-half years old, drowned this afternoon in flood waters surrounding his home at Freeport, while the attention of his mother, Mrs. Charles Wittbecker was diverted for a few moments. He had been playing on a porch and elevated sidewalk.

A rainfall of almost six inches caused an inundation of a large area of residential section and a portion of the business section of Freeport when the Pecatonica river overflowed.

A new motion picture house whose organ and other musical instruments were damaged was the highest individual loser. Total damage to business houses and homes is estimated at \$100,000.

BROKERAGE HOUSE RECORDS ARE SEIZED

Chicago, July 6.—The books and records of three brokerage houses were seized by detectives and taken to the state's attorney's office for investigation today in connection with the investigation of the state's attorney and the grand jury into back-slip practices of some brokerage firms here. The firms whose books were taken were L. Slater & Co., Frank Lewis & Co., and W. S. Bradley & Co.

FRENCH DEPUTIES TO DEBATE ARMS TREATY

Paris, July 6. (By A. P.)—At the request of Premier Poincare the chamber today reserved tomorrow afternoon's session for debate on the ratification of the treaties negotiated at the limitation of armaments conference at Washington.

Makes New Ruling On Liquor Allowance

(By The Associated Press)
WASHINGTON, July 6.—Liquor allowances to foreign ships in American waters under a decision today by the treasury will be based hereafter on the requirements of laws of the country in whose trade the vessels are operating regardless of the nationality of the owners.
By this addition to the ship liquor regulations a British owned ship engaged exclusively in Italian trade will receive allowances of intoxicants sufficient to comply with the laws of Italy.
If a vessel's passenger list and cargo come from several countries each of which has laws requiring liquor stores, the general medical supply will be granted and specific provisions of the several laws will be met in addition.

FORMER MAYOR TOOK STAND FOR LUNDIN YESTERDAY

Thompson Says Lundin Never Meddled With Appointments

(By The Associated Press)
CHICAGO, July 6.—Fred Lundin, termed by his political adversaries, the "boss" of the Thompson administration "never meddled" with school board or police appointments, former Mayor William H. Thompson testified today in the trial of Lundin and 15 others charged with conspiracy to take over \$1,000,000 of school funds.

"It was religion with him to keep away from the school board and police department," the former mayor said. "He believed that politics should not be considered in making appointments to these departments both for the good of the public and for the good of the Republican administration."

The former mayor, Dr. John Dill Robertson, former president of the board of education and Charles R. Francis, former attorney for the board were put on the stand by the defense to refute testimony of Jacob M. Loeb, former president of the board and a state witness. Loeb testified that Lundin had declared at a conference that certain employees must be discharged and others named. Witnesses today declared Loeb and not Lundin made these statements.

Former Mayor Thompson said when he learned that Loeb was circulating reports that Lundin was dictating to him, he faced Loeb and called him a "liar and a crook."

Francis on the stand refuted statements made by state witnesses that Lundin had said to Loeb in his presence:
"We don't want no highbrows on the board. We want fellows that will vote."
In cross-examining Thompson the state brought out the fact that Lundin was chairman of Thompson administration's patronage committee. Lundin will go on the stand in his own defense on Monday.

RATES ARE ORDERED TO BE MAINTAINED

(By The Associated Press)
WASHINGTON, July 6.—Railroads were ordered by the interstate commerce commission today to maintain existing rates from Chicago, Joliet and Lockport, Illinois to Texas points on grain, grain products and feed originating north of the Illinois points but consigned thru them to Texas.

By schedules filed to become effective March 2, but later suspended by the commission, the railroads had proposed to increase rates by an average of four cents per hundred pounds, but the commission's order today held that the increases were unjustifiable and ordered them cancelled.

The revision was attempted by the carriers to bring about what their officials considered would be a more reasonable relationship between the rates from Chicago to Texas and those from St. Louis and Kansas City, other important reshipping points.

SLAYER IS SENT TO INSANE ASYLUM

New Orleans, July 6. (By A. P.)—Angelo Guirlando, of Rockford, Ill., convicted slayer of his brother-in-law at Amite, La., two years ago will leave the Orleans Parish jail tomorrow for the state asylum for the criminal insane at Jackson, La.
Guirlando was sentenced to be hanged, but a reprieve was granted on the eve of the day he was to have mounted the gallows at Amite.

LEAVES HALF MILLION TO SALVATION ARMY

New York, July 6.—An estate of more than half a million dollars was left to the Salvation Army by Samuel Clare Williams, a Brooklyn recluse. It was revealed in his will filed for probate today.

CONGRESS CANNOT REGULATE AMOUNT LIQUOR PRESCRIBED

Montana Federal District Judge Ruled Yesterday

(By The Associated Press)
HELENA, Mont., July 6.—Congress, having conferred upon physicians the discretionary right of prescribing liquor cannot regulate the amount a physician may prescribe, United States Federal District Judge George M. Bourquin, for Montana, held in substance today in a decision not preventing publication of the Pope's recent letter on reparations or at least advising the French government in advance of its being made public. The Pope, Premier Poincare asserted has no authority in temporal matters.

"No doubt," he continued, "the Pope's views bear certain resemblance to those of certain of our allies. We don't see that they are any more offensive coming from the Pope than from our allies."

The court also stated "but so long as legislation tolerates or sanctions such use of alcohol, (for medicinal purposes) the duty and judgment of the physician, the necessity and welfare of the patient and the right of both, cannot be subjected to arbitrary and unreasonable legislative interference."

The court holds as invalid and unconstitutional those portions of the prohibition enforcement act which limit the number of whisky prescriptions a physician may write and the quantity of whisky which he may prescribe for any one person in a given period.

With reference to the maximum amount of liquor which the prohibition enforcement laws states may be prescribed to any one patient, Judge Bourquin declared portions of the law unconstitutional for the reason that patients are not alike, diseases are dissimilar and so the dosage cannot be fixed arbitrarily.

STATE WITNESS GIVES DAMAGING EVIDENCE

(By The Associated Press)

CHICAGO, July 6.—Statements that she "did not want her husband any longer," were made on several occasions by Mrs. Sabella Nitti, Mrs. Annie Volpe the state's last witness declared in the trial of Mrs. Nitti, her son Charles and Peter Crudele, a boarder who are charged with killing Nitti and disposing of his body which was later found in a catch basin. Crudele married Mrs. Nitti shortly after Nitti disappeared.

Mrs. Nitti also threatened, according to Mrs. Volpe to kill her husband unless he hired Crudele who had been in his employ, but whom he had discharged. Paul Dasso, a deputy sheriff, was another witness today and testified that Charles Nitti, the son had re-enacted for him the slaying of the boy's father asserted that Crudele crushed his head with a hammer as he slept, while his mother helped hold Nitti's hands. Charles said he was forced to aid in disposing of the body.

REV. DR. TIKHON ISSUES STATEMENT

(By The Associated Press)

MOSCOW, July 6.—Most Rev. Dr. Tikhon, former patriarch of all Russia, recently released from prison by the soviet authorities has issued a statement in which he declares that Pope Pius taking advantage of the confusion in the Russian orthodox church is trying "by all means" to instill Catholicism into the church. Dr. Tikhon charges that the Polish orthodox churches are aiding in closing orthodox churches in Polish territory many of which have turned Roman Catholic.

The former patriarch also continues his appeals to the faithful against the new church in Russia, while the latter continues its counter-attack on Tikhon.

PRISONERS REFUSE TO ACCEPT RELEASE

Sidney, July 5.—Father Michael O'Flanagan and John J. Seapy O'Kelly, the Irish Republicans arrested here in April charged with engaging in seditious activities, have refused to accept their release on condition that they undertake to address no more public meetings. It is reported that the United States government has refused to accept them as deportees.

APPEAL OF GERMANS REJECTED BY COURT

Duesseldorf, July 6. (By A. P.)—The appeal of seven Germans against the death penalty imposed on them last week by a French court martial at Mayence has been rejected by the court of appeal. The men: Herron Zase, Maurer, Gruber, Hanne, Scheldner, Dreyer and Frey, were charged with sabotage.

FRANCE WILL ADMIT NO INTERFERENCE BY POPE PRESIDENT SAYS

Has No Authority in Temporal Affairs, Says Poincare

(By The Associated Press)
PARIS, July 6.—The chamber of deputies today, after a discussion of Pope Pius' recent letter on the subject of reparations and the Ruhr occupation voted confidence in Premier Poincare. The vote was 388 to 190.

The French government never will admit interference by the Pope in either its domestic or foreign policies the president said in answer to critics who demanded discontinuance of the appropriation to maintain the French embassy at the vatican.

The critics asserted that the embassy proved its uselessness when it failed in its duty in not preventing publication of the Pope's recent letter on reparations or at least advising the French government in advance of its being made public. The Pope, Premier Poincare asserted has no authority in temporal matters.

"No doubt," he continued, "the Pope's views bear certain resemblance to those of certain of our allies. We don't see that they are any more offensive coming from the Pope than from our allies."

The Pope's letter to which French critics took exception should have no political effect, the premier added, and left French Catholics, however fervent, full liberty in forming their own opinions. Consequently M. Poincare could see no reason for suppressing the embassy at the vatican.

"We don't suppress our embassies to the governments of our allies or those of neutrals when they ask that Germany's capacity to pay be examined by a so-called impartial commission," he said.

"The Pope" concluded the premier, while the chamber applauded, "has no power in the world to deprive France of its rights under the treaty of Versailles."

POSTAL DEPARTMENT IS ABOUT TO LAUNCH COUNT OF ALL MAIL

Possibility Congress May See Fit to Raise Rates

(By The Associated Press)
WASHINGTON, July 6.—The postoffice department is about to launch a count of mail to determine the average cost of handling it with a view to a readjustment, either of postal rates or of contracts with transportation companies.

It is estimated that the cost of the postal service is about \$500,000,000 annually and revenue from the sale of stamps comes within \$65,000,000 of that amount.

Officials said today it was hoped eventually to have the postal service pay for itself.

There is a possibility they said that congress may see fit to raise postal rates.

REPORTS SEEING BRILLIANT METEOR

(By The Associated Press)

WASHINGTON, July 6.—Captain R. D. Robbins, master of the British ship Manquill reported an immense meteor of brilliant blue color with a wake that appeared to be red fire, was observed during a recent trip down the Atlantic coast, his ship being about opposite Savannah, Ga. The glare was so intense the report was that the Manquill and the surrounding sea for a considerable distance was vividly illuminated in purple for several minutes.

SOLDIERS' WIFE LOSES BONUS CHECK

Chicago, July 6.—Yesterday E. M. Deming received his soldier bonus check for \$121.50 from the state of Illinois. Today he asked the police to help him find it. He gave the bonus check to his wife, he told the police, and she lost it together with \$50 more while riding on a street car.

STATE HAS NEARLY COMPLETED CASE IN CONSPIRACY TRIAL

Governor's Son and Attorney Schroeder on Stand Friday

(By The Associated Press)
WAUKEGAN, Ill., July 6.—The state's side in the prosecution of Edward Kaufman, Edward Courtney and J. B. Fields, charged with conspiracy to obstruct justice in connection with the trial and acquittal of Governor Len Small on conspiracy here last summer was virtually complete when court adjourned late today to resume Monday morning. Less than a half day's testimony remained. A. V. Smith, state's attorney said.

The most important part of the state's side today came in the afternoon when Judge Hopkins ruled the testimony of Leslie Small, son of Governor Small, which the defense had successfully kept from the jury for several hours, was admissible. He testified two men who named themselves as Kaufman and Courtney accompanied by Con Shea, Chicago labor leader, came to his office in Springfield and after saying they had been active among venturers in Lake county in Governor Small's behalf, asked for certain favors.

Testimony that they asked for a pardon for Courtney, then under prison sentence, was ruled not admissible because Courtney had not been sufficiently identified either by Small or Werner W. Schroeder, attorney for the governor during the trial, who preceded Small on the stand. Both said after seeing the two men in court they could not identify Courtney as one of the two, but said that Kaufman resembled the other man.

Leslie Small on Stand
Small testified the man representing himself as Kaufman told him he lost a truck and beer valued at \$6,000 or \$7,000 and "Attorney General Brundage promised them their truck and beer back if they would testify against Small in Waukegan."

Under cross-examination Courtney and Kaufman both were taken to within a few feet of the witness stand and there Small was asked if he recognized either as the men in his office. Small said he did not recognize them nor under persistent cross-examination would he say positively Kaufman was not one of the men.

Earlier in the day, William J. Riley, Antioch saloon keeper, testified Kaufman gave him \$1,000 which he was instructed to divide with Fields. He also testified he introduced Kaufman to Fields and said he accompanied Kaufman and a man introduced as Eddie Morrison to the boarding house of Joseph Hahn, a venturer in the game of chance.

Hahn was promised a state job and "more money than he could earn in the ice business."

Riley, under indictment in the same conspiracy for which the defendants are being tried, appeared an unwilling witness.

He was very nervous on the stand and continually wiped perspiration from his brow.

Many details has been completely erased from his mind but a first point of his testimony got before the jury.

Indications that the defense would attempt to break down the testimony of Thomas Somerville, who identified Courtney in open court yesterday as the man who promised him a state job for an acquittal vote if he got on the jury were evident today with the appearance of William O. Krovi, an alienist, and the request of the defense to examine Somerville who admitted on the stand he had been confined three months in Elgin Asylum. Judge Hopkins instructed Somerville to keep himself in the jurisdiction of the court.

The defense refused to outline its plans but still declared all three defendants will take the stand in their own behalf.

BOY DROWNED NEAR LINCOLN

LINCOLN, Ill., July 6.—Marshall Hembreker, 17, son of a Lincoln florist, was accidentally drowned near here tonight in Kickapoo Creek. In an effort to save him, Vincent Shorager was nearly drowned and forced to save himself after being pulled under. Hembreker's body was found late tonight in 25 feet of water.

Judging from correspondence just made public between President Harding and leaders in the steel industry, the much discussed 12-hour day will be abandoned. The statement of the steel men is that some lapse of time is necessary to make the adjustment, and that it cannot be made until a sufficient supply of labor is available. It is easy to understand that a change of such importance cannot be made in a moment.

The frank statement of the city officials with reference to the needs of the Jacksonville water plant will be certain to result in the wish on the part of the people to remedy these defects. It is noteworthy that the city officials have outlined the situation without suggestion as to the best means for financing the work. Evidently suggestions from citizens will be welcome.

The confidence resulting from the completion of Mauwaister lake thru the co-operative effort of citizens will make it comparatively simple to clear up the present situation.

There is a great deal of local sentiment just now in favor of the abolishment of fireworks. This is a natural feeling as people contemplate the sorrow and the loss of property which Jacksonville's Fourth of July celebration this year cost. If the majority of the people favor a new type of celebration, now is the time to make the city ordinances accord with these views. People usually forget and the passage of a few months time will be likely to blot out the lesson which this year's Fourth brought.

unnecessary and that the funds needed for their maintenance might be diverted to serve other purposes.
But as a rule they have very little to say about our standing army of tax collectors and spenders, which is more than five times the size of army and navy combined. In this connection the recent report of the Taxation Committee of the Michigan Bankers' Association is particularly interesting.

The committee asserts that, in the past 15 years, more than 1,000,000 laws have been passed in the country to control the lives and business activities of our people, and that one individual in 12 of our population is supported by the tax-paying public in one way or another. In the State of Michigan, 50 percent of the wealth newly created every year goes to pay for government, state, local or national.

The United States Government pays salaries to 700,000 civilians and the several states have more than twice that number on their payrolls. Add their families and dependents and you will understand the surprising totals and the cost of our governmental housekeeping.

Is it any wonder that tax-free securities are popular, and that so many supposedly upright citizens are to be suspected of forgetfulness in the matter of their tax returns? Is it any wonder that most business men hold up their hands in horror at the thought of government ownership or operation of utilities?

CHINA'S GOVERNMENT BROKEN DOWN
Imagine a population four times as large as that of the United States, without a government. That is virtually the situation of China today.

Federal government in China has broken down. It amounted to less and less under the Empire, and has almost reached the vanishing point in North China under the pretended republic.

South China maintains the semblance of a government at Canton, under Sun Yat Sen, an intelligent conscientious gentleman, but he is able to do little.

In America or Europe such a situation would mean temporary chaos, with a practical certainty of revolution and a long, bloody reign of violence under new leaders. In China it may not mean that at all.

For government, in our sense, has never meant a great deal in China. The Chinese people, with all their ability and virtues, seem to lack the political gift. They have a definite social organization and a code of morals, handed down from the time of Confucius, which keeps people in the old paths. They have their set ways of doing business, and business gets along pretty well without the help of government. The Chinese somehow seem to need policing less than the western people do. Bandits there are, and other types of parasites, but they are accepted as a matter of course and duly allowed for.

Thus the current of life sweeps on almost regardless of who the ostensible rulers may be, or what may be the type of government, or indeed whether there is any government at all.
This is something very hard for an American or European to understand, yet it is a fact. And thus the present "chaos" in China may mean less than it appears to, except in so far as it affords a pretext for Japan or some of the western powers to intervene, for their own business reasons.

VACATION BIBLE SCHOOL CLOSSES

Interesting Program Given at Grace Church Friday Evening—Those in Charge Well Pleased with Results

The Daily Vacation Bible school closed last night with a big public meeting in the auditorium of Grace M. E. church. The children were given opportunity to display what they had learned on the program, which was most excellent.

The meeting was opened with an invocation by the Rev. C. D. Robertson, pastor of Centenary church. Two of the most interesting things on the program were the dramatization of the "Good Samaritan" parable and staging of a pageant, entitled "In Quest of Great Treasure." The former was presented by the Junior department and the latter by the Intermediate. The Rev. A. P. Howells, principal of the Intermediate department, and the Rev. T. H. Tull, made short addresses.

Miss Kathryn Randle, story teller of the school, told a nature story. The meeting was closed with the ritual of the school, including the salute to the American and Christian flags.

Immediately at the close of the program the crowd passed down to the basement of the church where the handicraft work was on display. The work of the children was quite wonderful and brought many expressions of appreciation from those who viewed it. The exhibit included ham-mocks, baskets and carpentry work. Many replicas of animals were seen made of wood, cut out with scroll saws, and painted in the natural coloring of the animal represented.

A collection was taken to help pay the expenses of the school. As the various materials used by the children in the handicraft work were rather expensive the expenses of the school were not small, amounting to about \$500. Each of the Protestant churches will take a share of this debt and raise money among its members.

The officers of the schools feel that they owe a very large part of its success to the valiant work done by the teachers, who so gladly gave their services to help make the work of training the children a success.

The teachers of the school were:
Kindergarten—Wilma Williamson and Ruth Bradley.
Primary—T. H. Tull, principal; Elizabeth Long, Mrs. Martin, Lois Harney, Helen Paschall and Mrs. Scott.

Junior—Jennie Grassley, principal; Edna Wardhaugh, Mildred George, Helen Rose, and Helen Harney.
Intermediate—A. P. Howells, principal; LaVerne Hass, pianist; and Alleen Rabjohns.
Extras—Kathryn Randle, story teller; Bertha Mason, ham-mocks; Eudora Milburn, callisthenics; Martin Graff, woodwork; Charles Hopper, Jr., assistant in woodwork.

DEATH OF VAN PELT BOY WAS ACCIDENTAL

This Was Verdict of Jury at In-quest Held Friday Evening.

The inquest over the body of James Roy VanPelt who was killed on East State street by an auto driven by W. R. Shaw Thursday night, was held at the Giliham Funeral Home Friday night at 7:20 o'clock.

The jury was composed of John L. Taysman, foreman, J. W. Jackson, C. H. Howard, L. E. Sample, Glenn Howard, and W. A. Westrope.
George E. Chambers was first sworn and stated that he was going east on the south side of East State street but did not notice the boy in the street until the crash came. He went over and helped the driver W. R. Shaw pick the boy up from between the wheels and carry him into the office of Dr. Duncan. The boy's heart was still beating when he was carried in. Dr. Duncan was out on a call and Mrs. Duncan called Dr. J. M. Wolfe who stated as his opinion that the neck was broken and that the boy was dead when he arrived. Did not see the boy prior to the accident. Car evi-dently did not drag the body so must have been going at a slow speed. Accident happened directly in front of the residence of Dr. W. P. Duncan.

W. R. Shaw the owner of the car stated that he had stopped practically still at North Clay alley to allow a car to pass in front of him. Did not shift gears but kicked out the clutch and started again from high, at a very slow speed. The first he saw of the boy he was directly in front of the right front wheel. Turned the car toward the street and stopped within 7 or 8 feet of the place where the boy was struck. Right front wheel seemed to pass over his chest diagonally. Was using my dimmers and there was no one close in front of me. Do not know from which side of the street the boy came.

Mrs. W. R. Shaw was called and she stated that the first she saw of the boy he was walking east toward them in the street and about one and one half or two feet from the curb and only about two feet in front of the car. Was riding in the rear seat on the right side next to the curbing. Called to her husband and he turned the car to the left as the car turned to the left the boy seemed to turn right in front of the right front wheel.

A statement of Abigail Ed-dings R. N. of 357 East State street was read into the record stating that she saw the boy across from the house with a hammer pounding on an iron pole, and just then she was called into the house to answer the telephone and did not see the accident.

The jury returned the verdict that deceased came to his death by a deceased touring car driven by W. R. Shaw on East State street, about 8:05 o'clock P. M. July 6th and that in their opinion it was an unavoidable accident.

DAUGHTER OF DR. A. M. KING FALLS FROM CAR

A little daughter of Dr. A. M. King, about 4 years old, was injured about the head when she fell from her fathers car while it was going down West State street, about 8 o'clock last even-ing. The child was leaning on the door of the machine when it came open and she was thrown to the ground. A surgeon was called and treated the little suffer-er. He said that the serious-ness of the wounds could not be ascertained as yet.

MEYER SOLISKY HAS AUTOMOBILE DAMAGED

While Meyer Solisky, employe of Capps mills, was out riding with a young lady at the wheel of his new Ford Coupe last night, the car plunged into a telephone pole on South Diamond street, damaging the car, nearly ruin-ing the telephone pole, and shak-ing the occupants up badly.
Solisky and the girl were driving down South Diamond street when the young lady de-cided to pass a car ahead. Just as she was about to do this another car came between and the Solisky Ford took a dive for the telephone pole. The owner was able to back his car off the pole, and then jumped into a nearby car, occupied by friends, and went on his way, leaving his coupe for repairmen. Both the occupants of the wrecked ma-chine consider themselves fortunate in so miraculously escaping severe injury.

NAVY AIR MAN NOT HEARD FROM

(By The Associated Press)
INDIANAPOLIS, Ind., July 6. All trace of Lieutenant L. J. Roth, navy airman, and only starter in the national elimination balloon race, who has not been heard from, has been lost ac-cording to an announcement made late this afternoon by the In-dianapolis Chamber of Commerce, sponsor for the race. Lieutenant T. B. Hull, accompanied Lieuten-ant Roth as aide. The men came here from the Naval Training Station at Lakehurst, N. J. to enter the contest.

The missing balloonists as is usual, were well supplied with card-bearing streamers with in-structions to drop them overboard as the craft drifted over cities and towns. Not a word, how-ever, has been received here from the ship, known as the U. S. Navy No. A-5698. Officials at the chamber of commerce said they were at loss as to what locality he might land. An unofficial check, compiled at the chamber of commerce, gave Lieutenant Robert S. Olmstead, army bal-loonist, the lead in distance trav-eled over the eleven other pilots who have reported bringing their craft to the ground. Lieutenant Olmstead descended at Manila, N. Y. The distance between In-dianapolis and Manila on an air line is approximately 500 miles.

ETS DIVIDEND FROM
BANKRUPT COMPANY

Springfield, Ill., July 6.—An insurance company which has been bankrupt for 12 years paid a dividend today when receivers for the Great Northern Life Insurance company of Peoria turned over to L. M. Salisbury, \$80. When the company went under in 1911 and was placed in the hands of the First State Trust & Savings bank of Springfield as receivers, there was \$40 coming to Salisbury, a stockholder, as his share of the liquidation. He could not be located and in the intervening years the money

doubled. He was found and today in circuit court a dividend had to be declared in order to pay him the money.

COUNTY CHURCH
NOTICES

Durbin Church, F. M. Rule pastor—Owing to a conflict in dates with the Franklin Program for August 2nd, the Durbin picnic will be held August 9th instead of the 2nd as previously announced.

The burgoo and ice cream supper to raise money to pay the expenses of the delegates to the Epworth League Institute at Shelbyville next week will be held this evening.

Tomorrow the Sunday school will meet at 10 o'clock and be followed at 11:15 by a special Installation Service of the newly elected officers of the Epworth League. Special music has been prepared for this service and the pastor who is the installing officer, will deliver an address. The retiring officers will meet with those newly elected and precede them to the chancel. The retiring president will present the officers elect by name and office, and as each new officer is installed the old officer will retire.

This is a very interesting service, has to do with the church of the future and is worthy the attention and prayers of the whole community.

TRIPLE PLAY WINS GAME FOR PHILLIES

PHILADELPHIA, July 6.—A triple play by the Phillies in the fifth inning enabled the locals to win the opening game of the series today 5 to 2. Cooper, who opened the fifth for the Pirates went to second on Parkinson's two base wild throw. Maranville singled to right, Cooper taking third. Carey filed to Moken, whose throw to Henline caught Cooper at the plate. Maranville was nipped when he attempted to take second on the throw.

MERCHANTS DEFEATED PRESS TEAM 13 TO 4

Ray Zell was Too Much for Press Batters—Merchants Score 10 Runs in Second Inning.

Ray Zell was too much for the Press team batters in the Twilight League game on State Hospital diamond Friday evening and the Merchants took the game 13 to 4.

It was the tenth time the Press team had faced Zell and it was his sixth triumph over them. C. Nunes who was on the mound for the Press was wild and his offerings did not seem to puzzle the Merchant batters. The lineup:

Press—Sparger c; Bergstrom, 2b; Worthington, lf; Johnson, 3b; Shelton, cf; Hancy, ss; Wright 1b; C. Nunes p; H. Nunes, rf. Merchants—Shibe 3b; Baptist, lf; Dickman 1b; R. Zell, p; McGill c; Davis, cf; Curtis 2b; Harrison ss; Hoffman, rf.

SUZANNE LENGLEN WINS TITLE AGAIN

WIMBLEDON, July 6.—(By the A. P.)—Suzanne Lenglen still is supreme among all the women tennis players of the world. With ease and certainty the French star this afternoon defeated Miss Kathleen McKane the best of Britons tennis playing women by the score of 6-2, 6-2, and so won for the fifth successive season the title of world's champion. It was the fifth meeting between this pair of stars and with one exception, it was the worst beating Suzanne has administered to the British girl.

She took the first five games, then dropped two and then finished the set on her own service. The remainder of the day's program produced little that was exciting. The weather with the thermometer passing the 100 mark in the sun was too hot for the European players whose game lacked the usual dash. Still it wasn't too hot to keep L. S. D. Dean and Mrs. Sheppard-Barron from beating the American pair, Vincent Richards and Mrs. Molla Mallory who played a loose game. The score was 5-7, 6-3, 6-4. Tomorrow the tournament will end.

The main event will be the tussle for the men's title between William Johnston of California and Francis Hunter of New Rochelle, N. Y.

SHOCKER POUNDED HARD BY YANKIES

Witt Gets Double and Triple and Scores Two Runs—Williams Hits His Thirteenth Home Run.

St. Louis, Mo., July 6.—New York pounced on Shocker for twelve hits and won the opening of the series with St. Louis today 5 to 2. Witt got a double and a triple and tallied twice. Ward's double in the eighth scored Pipp and Meusel.

In the first Williams got his 13th home run of the season, scoring Tobin, who had doubled ahead of him for the locals only markers.

FEATURE RACE WON BY PEARL BENBOE

Driven by Fred Hogan Mare Captures Tavern Steak at North Randall—Lowers Record for State Established Last Year.

NORTH RANDALL, Cleveland, O., July 6.—(By the A. P.)—Fred Egan, the former western reinsman, now of Memphis, drove Pearl Benboe to victory and a new record in the Tavern "Steak" feature of today's Grand Circuit harness racing program at North Randall. The card contained three stakes, the other being the Fasig Sweepstakes for three-year-old trotters won by Ethelinda and the Experiment for three-year-old pacers which went to Anna Bradford Girl.

Pearl Benboe stepped the first heat in the Tavern event in 2:03 1-5 which lowers the record for the state of 2:05 1-4 established last year by The Great Rose. Eight was the best the mare could do in the second mile, because of a break shortly after the start, but in the third heat Pearl Benboe clipped 1 3-5 seconds off the record she had just set up. The time was all the more remarkable because of the condition of the track. Rain yesterday and early today caused a delay in starting the card of nearly two hours.

Ethelinda was piloted to victory in the Fasig by W. H. Cane of New York, her owner in straight heats. Her able companion, Ilo Guy, driven by Walter Cox, the stable's driver, finished third in each heat.

The Experiment stakes for three year old pacers was won by Anna Bradford Girl. It was the inaugural of the stake for three-year-old pacers, a series of similar stakes to be raced at all Grand Circuit tracks.

After Pearl Benboe's victory in the Tavern, she was purchased from John Ryan of Minneapolis, by Thomas W. Murphy, the well known Syracuse reinsman. The reported price was \$25,000. Pearl Benboe is a bay mare by Benboe, her dam being out of Montana Grattan.

Summaries:
The Tavern Steak. For 2:12 class trotting. Purse \$5,000. (Three Heats)—Pearl Benboe won; Bogalusa, second; Cupids Albingen, third; Miss Rhineland, fourth. Kentucky Double. David Axworthy, Stroberts, Captain S. Peter, William Tell, Gordon Peter and Hollywood March, also started.
Best time 2:03 3-5.
The Experiment for three-year-old pacers. Money value \$2230. Anna Bradford Girl, won; Chesley H. Searcy, second; Kinney Silk, third.
Best time 2:05 1-5.
2:06 Class Pacing. Purse \$1200.—Peter Etawah, won; Julia M. Direct, second; Robert Direct, third.
Best time 2:04 3-5.
2:12 Class Pacing. Purse \$1200.—Edna Forbes, won; Raven Directs Heir, second; Otto Peter, third.

Antelope race—Won by group 4.
Relay race—First group 1; Second, group 4; Third, group 2.

In the evening there was a gorgeous display of fireworks. Later in the evening the girls enjoyed ice cream donated by F. J. Waddell, who was a visitor at the cottage. Mr. Berger of Meredosia also donated soda pop for the occasion.
A daily schedule has been followed under the capable direction of Rev. G. E. Strickney. The girls are divided into four groups each one being supervised by three girls in the Illinois College Social Service committee and Miss Maude Ryman. The group supervisors are: group 1, Mary Janet Capps, group 2, Miss Maude Ryman; group 3, Elizabeth Cogswell; group 4, Mabel Rogers.
In addition to the regular schedule in the next few days there will be a hike, a launch ride and various other amusements. Everybody is having a fine time and the expectation is to return on Saturday.

MANY HORSES TO BE HERE FOR JULY RACES

Expect That 75 Will Be Entered—Comprise Some of Best Racers in This Section
At the circuit race meet to be held at the fair grounds on July 19 and 20th the pick of the horses of this part of the country will be entered. From the way the entries have already begun to come in it is an assured fact that there will be not less than 75 horses entered for the various events which will consist of three harness races and one running race daily. All harness races will be over the mile distance. The management feel now that the only worry will be the lack of stable room the way the reservations are going.
Henry Hawkins the well known trainer of Springfield, has made reservations for 12 stalls. L. L. Seely of White Hall has also made reservations, as has J. J. Orion of Sumner. Mr. Woods of Pittsfield who bought Eva Tango after her race on the Fourth has stabled her here and will bring two more good ones from Burlington, Ia.
This being a regular circuit a better class of horses can be secured than if it were one meet only. After leaving here they will go to Griggsville where a meeting will be held July 25, 26, and 27th; at Mt. Sterling July 31 and August 1, 2, and 3rd; and at Rushville August 7, 8, 9, and 10th.

GREENE COUNTY CHILD IS SEVERELY BURNED

White Hall, July 6.—The only severe personal injury in connection with the Fourth of July, comes in a report from Drake to the effect that Opal little daughter of the late Charles Reveal, aged about four years, is suffering with mouth burns as the result of a two-inch firecracker exploding when she was imitating a cigar smoker. The explosive had been thrown out, but failed to explode. After it had lain some minutes, the little girl thought she would play she was smoking. She stuck it in her mouth and by drawing on it the fuse was rekindled and the explosion in her mouth resulted. The burn extends down into her neck, and the suffering is intense. The skin of the lower lip was broken, causing the lip to hang loosely. The only latest report is that the child is doing as well as could be expected. She is being so far treated in her home at Drake.

ROTARY CLUB IN WEEKLY SESSION

Talk on Coal Given by H. D. Dobyns—Opinion of Club Members is Against Fireworks.

Yesterday was a hot day to talk about coal, but that was one of the themes of discussion at the luncheon of the Jacksonville Rotary club, a brief talk on the subject being given by H. D. Dobyns. It is a custom of Rotary to have members talk at least once a year before the club about the business in which they are engaged.

Mr. Dobyns gave some interesting facts about mining costs as shown by figures filed by mine operators with the secretary of state. There was also some discussion of the Miners' organization and various members asked questions with special reference to the deterioration of coal mined in the summer months, and also some of the features of supply and demand which so frequently annoy the consumer.

The speaker brought out statistics to show that the fact that there is so little demand in summer occasions the mines continued expense which must naturally be overcome by higher prices later on.

The came a discussion of the question of prohibiting fireworks, a subject brought to notice by the happenings in Jacksonville in connection with the Fourth of July. Several members of the club took part in this discussion the consensus of opinion being that the sale and possibly the manufacture of fireworks should be prohibited because of the resulting danger to life and property.

Several cities were mentioned where ordinances are in effect prohibiting the sale of fireworks but because it is possible to buy fireworks elsewhere and bring them into the city, no great benefit results from the ordinance.

Among those who took part in this discussion were W. T. Harmon, C. J. Buhner, C. Y. Rowe, Charles Ehnie, J. Bart Johnson, T. M. Tomlinson, H. M. Capps, Dr. R. V. Brokaw and Dr. Carl E. Black.

Mention was made of the courteous action of Peoria Rotarians in presenting "The Signing of the Declaration of Independence" here on July 4. The members of the Peoria club came to Jacksonville at great sacrifice of time and this was done as a courtesy to the local club and the city.

A great audience saw the presentation and found it of both historic interest and value. A letter of appreciation from the Jacksonville club was authorized to be sent to the Peoria Rotarians.

Among the guests at the luncheon Friday were Clarence York, Jacksonville; Will Sanford, a former student of Illinois college, who is now a resident in Great Falls, Mont., and a member of the Rotary club in the western city.

FORMER RESIDENT OF WHITE HALL IS DEAD

White Hall, July 6.—The remains of Daniel O'Brien were brought from Oregon, Ill., this week for interment in the White Hall cemetery. Mr. O'Brien was a former resident, his wife being a daughter of the late John Walker, and they have been residing at Oregon since leaving White Hall twenty years ago or thereabouts. He was for some time connected with the Mississippi farm of Frank O. Lowden.

The fixture material for the Griswold memorial library has arrived, excepting the librarian's desk, and the work of installation has commenced. It will perhaps be September 1st before the new structure can be occupied and dedicated.

THE HOTTEST PLACE IN THE UNITED STATES

The news letter issued from time to time by the Illinois section of the department of agriculture contains many interesting news items related to the weather. G. H. Hall, well known Alexander weather man, yesterday left a copy of the current news letter at the Journal office.

While California is famous for its delightful climate, it is interesting to note from the news letter that the highest temperatures recorded in the U. S. occur at Greenland ranch, in Death Valley, Calif., 178 feet below sea level. Records kept there since 1911 show a heat record as high as 134 degrees in 1913 and 126 in 1922. In the intervening years the heat was almost as intense. In fact, in 1916 there was one record of 127 degrees.

DANGER FROM BALLOONS
In referring to the fire danger there is in sending up paper balloons, Otto Muehlhausen stated yesterday that a neighbor of his on the evening of the Fourth noticed one of the blazing balloons fall to the ground in the vicinity of his home. The flames spread to the nearby grass and quite a small conflagration was caused. Fortunately there were no serious results from this happening.

REPORT SHOWS TAX FIGURES FOR TOWNS

Rates Vary in Large Degree—Lowest in South Jacksonville

Some interesting figures on taxes have been compiled by County Clerk G. L. Riggs and the record forwarded to the state tax commission. The figures show the total rates in the various towns of Morgan county. The Jacksonville rate is \$6.58 and is naturally the highest in the county. However, some of the town taxes quite nearly approach this figure. In Concord, for example, the rate is \$5.97 and in Waverly the rate is \$5.80. The lowest is in South Jacksonville, where the rate is \$3.82.

The figures given below for the various towns show the assessed value, the rate and the amount of taxes:

Chapin—Valuation \$241,415; rate \$5.56; amount of tax \$13,422.68.

Concord—Valuation \$210,586; rate \$5.97; amount of tax \$12,571.90.

Franklin—Valuation \$228,650; rate \$5.00; amount of tax, \$11,432.50.

Jacksonville—Valuation \$6,409,656; rate \$6.58; amount of tax, \$421,755.37.

Lynnville—Valuation \$12,610; rate \$4.58; amount of tax \$577.54.

Meredosia—Valuation \$227,017; rate \$5.49; amount of tax \$12,475.92.

Murrayville—Valuation \$199,689; rate \$5.29; amount of tax \$10,563.55.

South Jacksonville—Valuation \$371,689; rate \$3.82; amount of tax \$14,198.52.

Waverly—Valuation \$624,481; rate \$5.80; amount of tax \$36,219.90.

Woodson—Valuation \$101,455; rate \$4.55; amount of tax \$4,615.75.

ALTON CONDUCTOR LEAVES HOSPITAL

P. L. Bright, the Alton conductor who suffered a broken back three months ago is making wonderful strides toward recovery, being able to walk from Passavant hospital to the train and return to his home in Roadhouse yesterday afternoon.

Mr. Bright's case has been wonderful in several ways. The X-ray picture showed that his back was clearly broken and naturally it was the opinion of a great many that he would never be able to walk again even if he survived, but the hospital authorities state that it was mainly his grit and his good cheer that helped to pull him thru.

At all times he was known in the hospital for his sunny disposition, even during a later trouble when his daughter was brought to the hospital and died in the same hospital where he was bedridden.

His wife and other daughter have faithfully visited him every day of his confinement and the pleasure showed on the faces of the reunited family yesterday when they departed for their home after experiencing grief which might have borne down many other persons.

ILLINOIANS HELD REUNION IN CALIFORNIA

For several years July 1 has been observed as the annual reunion day of native sons of Illinois resident at Tulare, California. Accordingly last Sunday nearly 100 of the faithful gathered at Mooney grove near Tulare for this annual event. The occasion was made memorable by the fish and chicken dinner which was served, the menu including "everything that suckers like."

J. Allen has sent the Journal a notice of the reunion, which was hugely enjoyed by the former Illinoisans and their children, the whole company numbering about 100. Mr. Allen asserts that "it was about the handsomest bunch of wide awake suckers ever assembled." The company included the following with members of their families: C. H. Howard, C. S. Morris, J. A. Morris, S. H. Farrel, F. M. Todd, B. F. Doty, J. H. Buck, C. Fitzmans, C. B. Welch, A. S. Baalam, D. W. Cecil, O. L. Castleberry, F. E. Coultas, Fred Copenhauer, Henry Snidgrass, E. S. Hoppes, Mrs. Andrew W. S. Farar, all of Exeter; Bert Eckles of Porterville; Mrs. Baker, Mrs. Noland, Klink; H. A. Matoney, Hanford; P. L. Bozeman, Kingsburg; C. R. Hawk, Sanger; Rolla Suttler, Henry Mattos and O. R. Woodman, Visalia; C. F. Smithson and J. Allen, Tulare.

HOUSTON SERIOUSLY HURT BY SHOOTING

Frank Houston, who was shot by William Stall during a money altercation Thursday night, is more seriously hurt than was at first supposed. Minute examination and X-ray pictures showed that the bullet entered thru the right pelvis, pierced the bladder, and lodged in the left hip joint. The physician in charge stated yesterday that "his situation is critical, he is also suffering greatly from shock."

The Misses Alice Criswell, Grace Hill, and Dorothea Sargent motored to the city from Franklin yesterday.

FORMER HOTEL MAN DIED HERE YESTERDAY

A. T. Fuller, Formerly Owner of Planters Hotel at Louisiana, Mo., Passed Away at Our Saviors

A. T. Fuller, well known former citizen of this city and county and for the past 15 years proprietor of the Planters Hotel at Louisiana, Mo., passed away at Our Saviors' hospital in this city Friday morning at 3:15 o'clock. The gentleman recently disposed of his Missouri hotel property to C. A. Osborne because of ill health. He had been failing for some time and was brought to the local hospital 10 days ago.

Decedent was born April 5, 1858 in Greasy Prairie neighborhood. His parents died while he was still a small child and he was brought up by Mr. and Mrs. George Nickols.

He was united in marriage with Miss Mary E. Henry on Thanksgiving Day, 1880. To this union were born the following children: Mrs. W. B. Rimbey, Murrayville; Mrs. Clarence Adams, Glasgow, Ill.; J. H. Fuller, Murrayville; George A. Charles C. and Eddie K. Fuller, of Detroit, Mich.; Russell E. Fuller of Fort Wayne, Ind., and one step-daughter, Miss Louise Wallace Fuller. He also leaves one brother, George Fuller of Peoria, Colo.

Mrs. Fuller died in 1898 and the deceased was married again on Feb. 22, 1907 to Mrs. Ida M. Wallace.

Mr. Fuller spent most of his early life in Murrayville neighborhood and taught school in Wichita, Kan., while a young man. He was a member of Elks Lodge No. 791 of Louisiana, Mo., and was a member of Calvary Episcopal church there.

Funeral services will be held from the Gilham Funeral Home, Sunday afternoon in charge of the Rev. C. D. Robertson, pastor of Centenary church. Burial will be in Jacksonville cemetery.

ALFRED COX WEDS INDIANA GIRL

Marriage of Former Jacksonville Young Man Solemnized in Terre Haute.

The following from a Terre Haute, Ind., paper tells of the marriage of Alfred Cox to Miss Charlotte Froeschke. Mr. Cox is a son of Mr. and Mrs. Charles Cox of this city.

The marriage of Miss Charlotte Froeschke and Alfred Earl Cox was solemnized Saturday morning at 10 o'clock at the home of the bride's aunt and uncle, Mr. and Mrs. William M. Armstrong, on South Fourth street, with whom she has made her home. The Rev. W. W. Sniff, of the Central Christian church, officiated, using the ring ceremony. They were attended by Mr. and Mrs. Armstrong.

The bride was lovely in her wedding gown of flat crepe trimmed in white georgette. Her flowers were an arm bouquet of pink rose buds. Mrs. Armstrong was becomingly gowned in green and white silk with a corsage of pink roses. Following the ceremony a wedding breakfast was served. A large round wedding cake beautifully iced in white and baskets of lilies and pink roses attractively decorated the bride's table. Mr. and Mrs. Cox left for French Lick, West Baden and Chicago, to be gone ten days. Upon their return they will be at home at 1931 South Fourth street. Mrs. Cox has been connected with the Herz store in the shoe department, and Mr. Cox travels for the Home Packing company. Mrs. Lowell Parker, of Bloomfield, Ind., was an out-of-town guest for the wedding.

TROOP 7 BOY SCOUTS MET FRIDAY NIGHT

Meeting Was Held at Grace Church—Scoutmaster Harry Walker Addressed Troop

The Boy Scouts of Troop No. 7 held their regular meeting at Grace M. E. church Friday evening at 7:30 o'clock under the leadership of Scoutmasters J. L. Read and Russell Arundel, with a good attendance.

It was announced that the troop cleared \$60 on the Fourth of July from their refreshment stands at the fair grounds and the fireworks stands uptown. This money will be used to defray the expenses of a week's camping trip to Meredosia Bay which will be taken on July 16th. During the evening full plans were made for this trip.

A petition was also prepared to obtain the signatures of legal voters asking the prohibition of the sale of fireworks in the city except at authorized exhibitions.

On next meeting night four candidates will take the Tenderfoot test. Scoutmaster Harry Walker was present and made an interesting talk which was greatly appreciated by the Scouts.

SON OF FORMER RESIDENT DROWNED

In a recent issue of the Sterling, Kansas, Bulletin, mention was made of the accidental drowning of D. Parker Pyatt son of Mr. and Mrs. L. K. Pyatt of Halstead, Kansas. The young man was sitting in a boat that was fast to the shore by a chain and was accompanied by another young man, when another lad pushed the boat so hard that the chain was pulled loose from the boat and the two boys in their excitement jumped from the boat, altho neither could swim. The other young man reached the shore but Mr. Pyatt was drowned. The mother of the unfortunate young man was a sister of Elmer E. Bavington who conducted a shoe store here at one time, and was also a cousin of Elmer E. Beattall, Greenwood Avenue. The father is a brother of the late John Pyatt of this city.
